

## YOUNG EXPLORERS PROGRAMME 2017

January 14th	<b>ROCKS &amp; FOSSILS</b>	A look at these popular topics and a glimpse at how fossils are prepared behind the scenes.
February 11th	<b>MATHS &amp; GENETICS</b>	Maths can be really fun and Genetics is actually not so difficult to understand.
March 11th	<b>ASTRONOMY</b>	Bob and the team are back with Jo Richardson and her Space Detectives to share their enthusiasm for this topic.
April 8th	<b>OPEN DAY</b>	Come and explore the BNSS museum and its collections. In conjunction with Dorset Wildlife Trust.
May 13th	<b>BUTTERFLIES &amp; MOTHS</b>	Get to know some of these insects and make models of your favourites.
June 10th	<b>TREES</b>	Identify different types of trees and understand how they work.
July 8th	<b>ARCHAEOLOGY</b>	We are looking at patterns from history including pots, mosaics and other artifacts.
August 12th	<b>POND DIPPING</b>	A look at the animals and plants that can be found in ponds in the BNSS garden.
September 9th	<b>EVOLUTION &amp; EXTINCTION</b>	Two topics that have been of great interest in recent years. A chance to find out more about them.
October 14th & 15th	<b>OPEN WEEKEND</b>	Come and explore the BNSS museum and its collections. Part of the Arts by the Sea Festival.
November 11th	<b>FAMOUS SCIENTISTS</b>	Darwin, Faraday and Newton are quite well known but what about...
December 9th	<b>CHRISTMAS PARTY</b>	Science is fun and we review some of the best bits from our list of topics.
