

science museum OPEN DAY

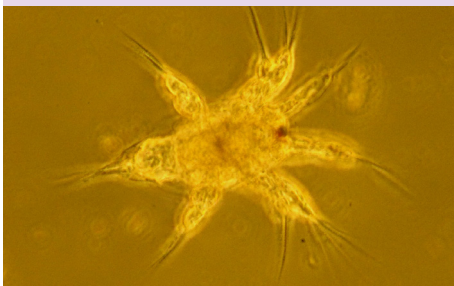

FREE ENTRY – donate on the day to help fund future events like this!

Saturday
8th April
10am – 4pm

MICROSCOPE FUN

Biologist and teacher Grenham Ireland will demonstrate under the microscope marine zooplankton from Poole Harbour.

HOLD LIVE INSECTS AND SPIDERS!

Mark Spencer, Entomologist, with helpers Keith Pattenotte, Steve Limburn and Nick Butte, will be showing live insects and spiders.

WILDLIFE GARDENING ADVICE & DISPLAYS

KIDS CRAFT ACTIVITIES
LIGHT REFRESHMENTS
FREE GIVE-AWAYS

BRING US YOUR FINDS!

Bryan Popple, Archaeologist has arranged for Ciorstaidh Hayward Trevarthen – Finds Liaison Officer for Dorset with the Portable Antiquities Scheme to bring objects which can be handled.

She will also identify objects found by visitors in their gardens or whilst out walking. Please bring along YOUR found objects for identification!

POND DIPPING: FUN FOR THE WHOLE FAMILY!

As always, our experts will be on hand to help with identification!

What's **YOUR** special interest?

Archaeology • Astronomy • Insects
Gardening • Geology • Geography
Ancient Egypt • Minerals • Fossils
Birds • Animals • General Science...

It's ALL here at your local
science society's museum!
