BRINK**

# Guided Walk - Holt Heath's Heathland Heart

This event will be run by the Bournemouth Natural Science Society, in conjunction with the National Trust, and the Dorset's Heathland Heart Back from the Brink project (led by Plantlife).

We hope to see a wide range of species: damselflies, bees and wasps, heathland plants and of course butterflies, particularly the Silver-studded Blue.

Stout footwear advised and please bring packed lunch and drink.

Silver-studded Blue
