

Prof. Jörg Wiedenmann

(University of Southampton)

will give a talk entitled

***The Coral Reef:
a threatened world wonder***

Tuesday 15th May at 7.30pm

at Bournemouth Natural Science Society, 39 Christchurch Rd
BH1 3NS (www.bnss.org.uk) - as usual visitors welcome

Prof. Wiedenmann will talk about the ecology of coral reefs and the impact of climate change. He will also discuss his research on their photobiology and the use of coral pigments in biomedical research.
